Marilyn Monroe sang a birthday song for John Kennedy on May 19, 1962 at 9pm

Marilyn Monroe sang a birthday song for President Kennedy on May 19, 1962 at 9 pm (21:00), Monroe and Kennedy affair reached its culmination. Marilyn Monroe (formerly known as Norma Jane), was born in Los Angeles, USA on June 1, 1926 at 9:09 am. Marilyn Monroe is the sexy goddess in the eyes of Americans. Her blonde hair, red lips, and wind-blown skirts became the sex symbol for all men in that era. We therefore select Sexual Desire (SD) in relation to Shelter (SH), (SD↔SH) for sequencing.

The Important of Four Forces

Spontaneous Forces (the force that acted by zone celestial pole without outside force)

The Spontaneous Forces trigger off spontaneous behavior. Nobody is asking you to do it but you do it according to your wishes. Not everyone's behavioral model has the spontaneous force, but some behavioral models consisting more than one.

When the zone pole triggered two spontaneous forces (also known as Duo Stars Self Transformation) or three spontaneous forces (also known as Triple Stars Self Transformation), we can interpret that the zone has a mixed interactions. If Self-triggered strong force (s), electromagnetic force (e), and/or gravitational force (g), the positive forces, we can interpret that the zone has a smooth interactions, i.e. make perfection more perfect. If Duo Stars Self Transformation or Triple Stars Self Transformation consists self-triggered weak force (w), the negative force, we can

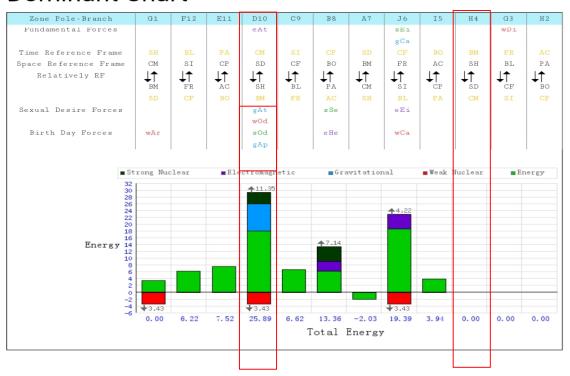

Middle Age Behavioral Forces

(Quantum Age 35-44)

Middle Age becomes apparent that something big and difficult is demanded, but where the best way to proceed is far from clear to them. It is a point where existing beliefs, practices, social activities, and family matters possessing in their mind. A great effort is needed, not just of decision, but of facing up to some radically new kind of situation.

Sexual Desire (SD) in relation to Shelter (SH) appears 13 positive forces and 5 negative forces in the sequencing list. Athena (Tian Ji), At, Goddess of intelligence, skill, peace, warfare, battle strategy, handicrafts, and wisdom. She personified intelligence, skill, warfare, battle strategy, wisdom, change, and revolution. With the intervention of strong nuclear force (s), electromagnetic force (e), gravitational force (g), and weak nuclear force (w), At becomes sAt, eAt, gAt, wAt, uncountable sexual relationships. Odysseus (Ju Men), Od, A legendary hero in Greek mythology, king of the island of Ithaca and the main protagonist of Homer's epic. He was well known as an eloquent speaker, ingenious and cunning. He personified analytical, creative, researching, self-reliant, talkative, controversial, and suspicious. With the intervention of strong nuclear force (s) and weak nuclear force (w), Od becomes sOd, wOd, overt sexuality. Apollo (Wen Qu), Ap, God of music, arts, knowledge, healing, plague, prophecy, poetry, manly beauty, and archery. He personified music, drawing, think out of box, speak fluently and coherently. With the intervention of gravitational force (g), Ap becomes gAp, seductive singing.
